Soldier Comrades of the Late General Pay Tribute to His Worth—Schofield Ordered to Command the Army.

## The Nation's Loss.

NEW YORK, August 6.—All through yesterday General Sheridan had been in unusually good spirits, laughing and chatting with his brother and members of the family. The unfavorable symptoms made their appearance so unexpectedly and were so rapid in development that the children were aroused barely in time to take a last look at their dying father. With the general at the bedside were Mrs. Sheridan, her mother, Mrs. M. V. Sheridan, the children; Colonel Sheridan, his brother, with his wife, the doctors and nurses. Mrs. Sheridan and the nurses were on their knees in prayer as the general departed. Mrs. Sheridan, a dear friend of the family, arrived just a moment after the last breath was drawn. In the afternoon the children of mustards and plasters and everything used in such cases were applied, but all proved unavailing, even to the general from the state of the general's health. He sank soon after the symptoms of recurring heart failure occurred, and in which he remained until he drew his last breath.

It was this morning arranged that General Sheridan's remains will be transferred to Washington in a special car, to leave New Bedford Wednesday night. The funeral service will be held in St. Matthews church as soon as possible thereafter, either Thursday or Friday.

The work of embalming the general's body was begun at an early hour this morning. General Sheridan had repeatedly expressed a strong desire that his body be placed in accordance with his wishes and those of Mrs. Sheridan, the ceremonies in Washington are to be as simple as possible. The funeral, however, will be a magnificent one.

It was decided this afternoon that General Sheridan's burial shall be in the Arlington national cemetery. Saturday has been fixed as the day for the funeral. The arrangements outlined in earlier dispatches remain unchanged. There will be no funeral service at this place.

The following pall-bearers have been selected by General Sheridan's family: General Sherman, Marshall Field, of Chicago; General Hawley, of the senate; Speaker Carlisle; Vice President Frank Thompson, of the Pennsylvania railroad; General Wesley Merritt, U. S. secretary of war; General Endicott; General McPherson; General Joseph Fullerton, of St. Louis; and George W. Childs.

COLUMBIA, August 6.—Governor Foraker has issued a proclamation in honor of General Sheridan and requesting a slight suspension of public services. The flags on all the public buildings of the state be displayed at half staff until including the day of the funeral.

NEW YORK, August 6.—John Fitzgerald, president of the Irish national league of America, has sent a telegram to Colonel Sheridan expressing the sympathy of the league for the family of General Sheridan in the great affliction that has befallen them.

He says that the Irish race unites in mourning the loss of the Irish-American hero whose devotion to Ireland was second to his love for America.

## CREATED LITTLE SURPRISE.

How the News of Sheridan's Death Was Received by His Friends.

WASHINGTON, August 6.—[Special Telegram to THE BEE.]—While there is general and profound regret in Washington at the death of General Sheridan the news of his demise created but little surprise, as his true condition has been very well known to most people here. But little faith has been placed in the rosy bulletins sent out from Nonquitt, and all along General Sheridan's friends in Washington have been expecting his death daily. The funeral and the interment will, beyond doubt, take place here. It is presumed that the remains will be deposited at Arlington, where many thousands of soldiers have been buried.

With General Sheridan died the rank of general of the army. The president has designated General Schofield, located at Governor's Island, to take command of the army, but he will retain the rank of major general.

Major General Crook, in command at Chicago, arrived in the city last night, but he has nothing to say regarding the death or the changes which it will make in the army, further than the country at large, as well as the boys who fill the ranks of our little army, will mourn the death of their brave commander sincerely and long.

When General Schofield comes to Washington to take command of the army it is believed that General Howard, now in command at San Francisco, will go to Governor's Island. General Crook, it is believed, will remain where he is, and there may be a promotion of General Miles or some other brigadier to take the place which will be vacated by General Howard.

Congress has adjourned for the summer, but the funeral will be held and the departments will be closed and everybody in Washington will be in mourning the nation's loss.

It is stated that the president has ordered that the detail of General Schofield to Washington to take command of the army will bring about no promotions or change in any of the commands. One of the prominent officers says General Schofield will simply be detailed to take command of the army and that he will locate in Washington and will, at the same time, retain his command of the eastern division, and that his orders will be sent from Washington to Governor's Island. He adds that the president has ordered that no change, as General Schofield can perform his present duties and also those which were recently performed by General Sheridan.

## AS A TOKEN OF RESPECT.

President Cleveland Orders Flags Displayed at Half Mast.

WASHINGTON, August 6.—The president received his first information of General Sheridan's death by a telephone message sent to him at Oak View from the white house by Colonel Lamont, who arrived there about 8:30 this morning. The president had decided to remain at Oak View during the day, but this news altered his plans and he decided to come into the city. He reached the white house about 10:45 and sent word for the secretary of war to meet him there. In the meantime the following executive order was issued:

EXECUTIVE MANSION, WASHINGTON, August 6.—As a mark of respect to the memory of General Sheridan, the president directs that the national flag be displayed at half mast on all the buildings of the executive departments in the city of Washington until after his funeral shall have taken place.

DANIEL S. LAMONT, Private Secretary. Colonel Kellogg, of General Sheridan's staff, will leave Washington this afternoon for Nonquitt and will take with him the general's uniform and sword.

The following telegram was sent this afternoon: WAR DEPARTMENT, WASHINGTON, August 6, 1888.—To General J. H. Schofield, Governor's Island, New York harbor. The following dispatch was received from Colonel Sheridan this morning: "Nonquitt, August 6, 1888.—Secretary of war, Washington, D. C.: I am Mrs. Sheri-

dan's wish that her husband should be buried with him and that at the same time there should be no display beyond what pertains to strictly military funeral in proper respect to his rank. Will you be kind enough to authorize such funeral and place matters under the charge of General Schofield? The funeral will be in Washington, but when and where I cannot say. Perhaps it would be well for General Schofield to come here.

M. V. SHERIDAN. I leave it to your discretion whether to go to Nonquitt or to Washington. You are hereby directed to make the necessary arrangements in regard to the funeral, including the funeral procession to be held in Washington. By request of Mrs. Sheridan her husband will be buried with military honors, with no display beyond what pertains to strictly military funeral in proper respect to his rank. This request will be strictly complied with, and the escort will conform to regulation 631.—General order to general-in-chief and you will issue orders for such troops to assemble as may be necessary to complete this escort. You will detail the military guards and bearers for the funeral, and accompany the remains to Washington. Please ascertain from Mrs. Sheridan whom she wishes to be designated in regard to the funeral. Please inform me from time to time in regard to the arrangements, place of burial and day of funeral, not yet decided. WILLIAM MCKINLEY.

Secretary of War. The funeral escort, under regulation 631, consists of a regiment of infantry, battalion of cavalry and two light batteries. NEW BRUNSWICK, August 6.—The eleventh national convention of the St. Patrick's Alliance, which was held in New Brunswick, N. J., on the 4th and 5th inst., passed resolutions of respect for the memory of General Sheridan were passed and a telegram of condolence was sent Mrs. Sheridan.

SHERMAN ON SHERIDAN. Little Phil Was His Beau Ideal of the True Soldier.

NEW YORK, August 6.—General Sherman has been so anxious during the entire illness of General Sheridan that he has taken special pains to keep himself informed. When informed by reporters that General Sheridan's comrade was dead, General Sherman was visibly affected, despite the fact that he had expected the end intelligence, and was to some extent prepared for it. He said: "The people of this country have lost a gallant and great soldier. To me, Sheridan has always been the beau ideal of the true soldier."

General Sherman, who has known General Sheridan since the latter was a boy, said that he had never known a more perfect soldier. He said that he had never known a more perfect soldier. He said that he had never known a more perfect soldier.

WASHINGTON, August 6.—[Special Telegram to THE BEE.]—The Omaha public building bill to-day. The house was in session but a short time when it adjourned. It was reported that the bill was passed. It was not. The bill was not passed. The bill was not passed.

There are severe criticisms being passed upon the bulletin system which kept the public misinformed of General Sheridan's condition while he was in Washington and after he was removed to Nonquitt. It seems that the false illness of many prominent men during the past few years have had the effect of developing a regular and uniform system of fabrication in the bulletin business. General Sheridan's true condition has been misrepresented almost continually since the day he arrived here from Chicago on the 12th of last May. It is now known that the doctor's report on the condition of the general was not true. It was not true. It was not true.

General Sheridan's true condition has been misrepresented almost continually since the day he arrived here from Chicago on the 12th of last May. It is now known that the doctor's report on the condition of the general was not true. It was not true. It was not true.

There are severe criticisms being passed upon the bulletin system which kept the public misinformed of General Sheridan's condition while he was in Washington and after he was removed to Nonquitt. It seems that the false illness of many prominent men during the past few years have had the effect of developing a regular and uniform system of fabrication in the bulletin business.
